- **Frontend Technologies:** HTML, CSS, Bootstrap, JavaScript, Responsive Web Design
- **Backend Technologies:** Python, Django and WordPress (basics)
- **Databases:** SQL
- **Frameworks:** Bootstrap, Django
- **Developer Tools:** VS Code, Excel
- **Version Control:** Git basics and GitHub
- **Other Skills:** Data Analytics, CRUD Operations, Client Requirement Analysis, CRM, UI/UX Improvements

PROFESSIONAL EXPERIENCE

Trainee Software Developer — iSara! Business Solutions Pvt. Ltd.

May 2026 – Present

- Developed responsive websites using HTML, CSS, Bootstrap, and JavaScript.
- Built client branding websites with mobile-friendly designs.
- Contributed to SaaS billing, customer support, and Tally billing applications.
- Fixed bugs, improved UI, and ensured cross-device compatibility.
- Collaborated with clients to understand requirements and deliver effective solutions.

PROFESSIONAL PROJECTS (ISARAL BUSINESS SOLUTIONS)

SaaS Billing Application

- Contributed to frontend development and UI implementation for the billing and invoicing modules of a SaaS-based billing platform, and assisted in testing billing workflows. **Technologies:** HTML, CSS, Django, JavaScript, Python, SQL.

Customer Support Application

- Contributed to frontend features and UI components for an application designed to streamline handling of customer queries and support communication. **Technologies:** HTML, CSS, Bootstrap, JavaScript, Python, SQL.

Self-Branding Websites

- Built responsive self-branding websites for clients with a focus on clean UI and mobile-first layouts, using HTML, CSS, Bootstrap, and JavaScript.

Tally Billing Mobile Application

- Contributed to UI design, bug fixes, and testing for a Tally billing mobile application covering invoices, billing workflows, and overall user experience.

ACADEMIC PROJECTS

E-Canteen Management System

- Developed a web-based E-Canteen system to manage food orders and users, with an improved UI design.
- Implemented order and inventory management to improve efficiency.
- Built a responsive layout that reduced order processing time by 40% and minimized food wastage.

Student Information System

- Developed a Student Information System to manage student data and records, built with a responsive webpage.
- Implemented CRUD operations for admissions, course registration, and academics.
- Reduced manual errors and improved data accuracy through effective database management.

Image Resolution Enhancement Using GAN

- Developed an image enhancement system using GANs to improve image quality.
- Used GFGAN and ESRGAN for face restoration and image upscaling, with a user-friendly interface.
- Integrated deep learning models into a web application for real-time processing.

INTERSHIPS & TRAINING

Training: Python Full Stack Development with Data Analytics — Q-Spiders, Bangalore *Aug 2025 – Mar 2026*

Internship — Yantra Software Solutions (via Q-Spiders) *Aug 2025 – Nov 2025*

- Developed responsive frontend pages for an e-commerce website using HTML, CSS, Bootstrap, and JavaScript.
- Worked under mentor guidance to meet project requirements and delivery timelines.

Virtual Internship — Prodevans Technologies *2 Months*

- Completed training in Python, SQL, and Web Development.
- Developed an E-Canteen Management System integrating frontend and backend components.
- Gained hands-on experience in CRUD operations and application workflow design.

Virtual Internship — Skill India *6 Months*

- NSDC – Cloud Application Developer program (Rooman Technologies, IBM & Wadhvani Foundation).
- Enhanced understanding of scalable applications, cloud services, and industry-standard development tools.

CERTIFICATIONS

- Front-end Development — Q-Spider (Test Yantra Software Solutions)
- JavaScript Certification — Certiport
- Introduction to Internet of Things (Silver) and Innovation by Design — NPTEL
- Cloud Application Developer (CAD) — Skill India
- Service Provider Internship (3-Month) — Pro-LEAP, Prodevans
- Life Skills Certification — Wadhvani Foundation
- Introduction to C Programming

ACHIEVEMENTS

- Research Paper: "Image Resolution Enhancement Using GAN" accepted for publication in IJRTI, 2025.
- Contributed to live SaaS billing, customer support, and mobile billing applications within the first two months as a Trainee Software Developer.
- Volunteer: Kalyana Karnataka Startup Conclave — Assisted in event organization and startup networking sessions.

SOFT SKILLS

Problem Solving • Communication • Adaptability • Team Collaboration • Critical Thinking • Quick Learning • Time Management • Analytical Thinking • Attention to Detail • Client Communication

CORE COMPETENCIES

Frontend Development • Website Development • Website Maintenance • Responsive Web Design • Landing Pages • Application Development • SaaS Applications • Billing Systems • Customer Support Applications • Version Control • JavaScript • Python • SQL • Problem Solving • UI Enhancement • Testing

EDUCATION

B.E. in Computer Science and Design Engineering | CGPA: 8.03 *2021 – 2025*

PDA College of Engineering, Kalaburagi (Autonomous, Affiliated to VTU)

PUC (Pre-University – Science) | Percentage: 82% *2018 – 2020*

Muktambika IND PU Science College for Girls, Sharan Nagar, Kalaburagi

SSLC (Class 10) | Percentage: 70.5% *2018*

Sri Renuka Foundation School, Gulbarga Tq: Afzalpur, Dist: Kalaburagi

LANGUAGES

Kannada, English, Hindi
